How do you view the mission you've been given?

Do you see it as a burden against you or bomb against the enemy? How so?

OUR RECOMMENDATION

Be open to being used in anyway God see's fit. Do not fixate on positions or titles. Fixate on saying yes to opportunities that God places in front of you. Even if they do not match your dream for you, say yes. God can take you to a place of fulfillment far better than you can yourself.

Help us multiply the kingdom of God by being on mission.
